Our Vision

To be a global center for technology machines and computer retailing power house with world class excellence in providing technological and connectivity services.

Our Mission

Our mission is to put everything into play and bring the world into attention of technology.
We do this by bringing in technology and computers closer to communities, businesses and individuals, so that they transform the world.

Our Purpose

Our purpose is to unite the world with one big global language of technology and connectivity

Our Hire Model

Why Hire

In certain circumstances, it may be more affordable and convenient to hire laptops instead of purchasing. Such circumstances may include:
- expatriates setting up temporary offices locally
- Organizations conducting seminars, trainings or meetings that require a large quantity of laptops for a short period of time
- Researchers or students requiring high specs laptops for a short period of time
- Students requring laptops for online exams.
In such scenarios, it makes financial sense to hire/rent a laptop as opposed to purchasing one. It will be way cheaper to hire and the hustle of disposing the laptops after the short period required is also eliminated. In addition, we also handle the Licencing of the basic software you are likely to use within this period.

How to Hire

- Once an individual or organization settles on renting, they can contact us via call or mail stating their requirements and we will reach back with a quote and a hire proposal plan. Upon negotiations and agreeing on the plan, they pay a down payment of 50%. We will then Proceed to deliver the laptops as agreed and the remainder of the amount to be paid. After the
 - For Longer periods of hire, a monthly payment plan may be considered.

FAQs

1. How much do you charge?
The cost is dependant on the Laptop Specifications, duration of hire and your Location while using, you can get a full quote once you share the details with our team

2. Can I rent a Laptop from you as an Individual?
Yes, you can rent/hire as an individual provided you meet the criteria for Hire by providing the necessary identification details and guarantees

3. Do I need a Down Payment?
Yes, You will need a 50% Down payment before the delivery of the Unit(s) and the remainder is to be paid upon delivery. However, in cases where many units are hired by an organization, we may consider a monthly payment plan.

4. What happens Once the Hire/rent Period ends?
The Laptos are to be returned upon completion of the hire period. Delays will be charged on the prevailing rates.
In the event that the client requests for an extension of the hire period, we will offer them affordable rates to allow them finalize on their activity.
